CALFED Bay-Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814

Dear Mr. Snow,

Thank you for the opportunity to review the Revised Phase II Report dated December 18, 1998. We wish to bring to your attention the paragraph entitled "Coordination Between CALFED and Other Responsible Agencies" on page 58 should be revised to include reference, either directly or by inference, to the North Delta Water Agency.

We request the North Delta Water Agency be listed specifically among those listed in the third, fourth or fifth lines of that paragraph since it is directly involved in "implementation and regulation of water quality targets and standards." Local agencies should be among those responsible agencies involved in the implementation and regulation of water quality targets.

Sincerely,

Robert D. Clark
Manager
